NOTE: 1.

This table provides guidance on how to calculate contributions for employees paid MONTHLY at intervals of K100 for purpose of convenience only.

Most often the amount of employee's total pensionable earnings on which contributions are calculated will be a figure within the interval. The amounts of the employee's and employer's share shall be calculated respectively as five percent of the employee's total pensionable earnings.

NOTE: 2.

Earnings and contribution amounts are NOT to be rounded off to the nearest Kwacha before applying the percentage.

NOTE: 1.

This table provides guidance on how to calculate contributions for employees paid WEEKLY at intervals of K50 for purpose of convenience only.

Most often the amount of employee's total pensionable earnings on which contributions are calculated will be a figure within the interval.

The amounts of the employee's and employer's share shall be calculated respectively as five percent of the employee's total pensionable earnings.

NOTE: 2.

Earnings and contribution amounts are NOT to be rounded off to the nearest Kwacha before applying the percentage.

NOTE: 1.

This table provides guidance on how to calculate contributions for employees paid WEEKLY at intervals of K100 for purpose of convenience only.

Most often the amount of employee's total pensionable earnings on which contributions are calculated will be a figure within the interval. The amounts of the employee's and employer's share shall be calculated respectively as five percent of the employee's total pensionable earnings.

NOTE: 2.

Earnings and contribution amounts are NOT to be rounded off to the nearest Kwacha before applying the percentage.
